Institut Marquès – Fertility Treatment Prize: Terms and Conditions

1. Prize Provider and Treatment Location

Institut Marquès, a fertility clinic based in Barcelona, Spain, is providing the fertility treatment prize in collaboration with Chasing Rainbow Charity which organizes and administers the promotion.

The treatment will be provided at Institut Marquès in Barcelona, Spain, subject to the Clinic's medical assessment and applicable Spanish legislation.

The Foundation is responsible for administering the competition and selecting the winner in accordance with its published competition terms and conditions.

2. Prize Description and Value

The prize consists of one IVF IM Essential treatment package at Institut Marquès, with a stated value of **€5,495**.

Subject to the Clinic's prior approval and the winner's medical suitability, the winner may alternatively use the €5,495 prize value as credit towards another fertility treatment offered by Institut Marquès.

If the selected treatment exceeds the prize value, the winner will be responsible for paying the difference. Any additional services or procedures not included in the applicable treatment package will also be payable by the winner.

The prize cannot be exchanged for cash and is non-transferable.

3. Treatment Included

The IVF IM Essential package includes the following services, subject to the agreed treatment plan and the Clinic's medical assessment:

- Medical consultation and guidance.
- Personalised treatment planning and ovarian stimulation protocol.
- Medical monitoring of the treatment cycle, including ultrasound scans.
- Ovarian stimulation.
- Egg retrieval under general anesthesia
- Intracytoplasmic sperm injection (ICSI).
- Transfer of the first embryo.
- Pregnancy test.
- Follow-up of the treatment process up to week 8 of pregnancy.

The precise treatment plan will be determined by the Clinic's medical team in accordance with the winner's individual circumstances and applicable medical and legal requirements.

4. Exclusions

The prize does not include:

- Medication.
- Travel, transport, accommodation or other personal expenses.
- Additional techniques or services not included in the IVF IM Essential package, such as PICSI, EmbryoGlue, Time-Lapse, preimplantation genetic testing for aneuploidies (PGT-A), embryo freezing or other additional laboratory procedures.
- Any additional tests, consultations, procedures or services not expressly included in the applicable treatment package.

Any additional costs will be explained to the winner before the relevant services are provided.

5. Age and Medical Eligibility

The winner must be at least 18 years old.

The woman receiving treatment must start treatment before her 50th birthday, in accordance with the Clinic's applicable age criteria.

The winner must also have a body mass index (BMI) of **35 or below** at the time of the Clinic's medical eligibility assessment.

The winner must meet all medical and legal requirements applicable to fertility treatment in Spain. Final eligibility will be determined by Institut Marquès following an individual medical assessment.

Meeting the age and BMI criteria does not automatically establish medical eligibility. The Clinic reserves the right not to proceed with treatment if it determines that treatment is medically inappropriate or cannot lawfully be provided.

The winner must be willing and able to attend the Clinic in Barcelona, Spain, and is responsible for arranging and paying for travel and accommodation.

6. Acceptance or Declining of the Prize

The selected winner is under no obligation to accept the prize and may decline it voluntarily without penalty.

If the winner declines the prize, cannot be contacted within the period established by the Foundation, or is found to be ineligible to receive the prize, the Foundation may offer it to the next finalist in accordance with its published selection procedure.

Any alternative winner will be subject to the same eligibility requirements and medical assessment.

If the winner does not meet the Clinic's medical eligibility criteria, Institut Marquès will not be obliged to provide the treatment. The Foundation may then offer the prize to the next eligible finalist in accordance with its competition terms.

7. Medical Information and Consent

Before treatment can begin, the winner must provide the medical information reasonably required by the Clinic and complete the necessary medical assessments and informed consent procedures.

Medical information will be collected separately from the initial competition application and handled in accordance with applicable data protection legislation.

The winner may decline to proceed with the medical assessment or treatment. If the winner does not provide the information necessary to assess eligibility, the Clinic may be unable to provide the prize, and the Foundation may offer it to the next eligible finalist.

8. No Guarantee of Pregnancy or Live Birth

Fertility treatment outcomes vary between individuals. **The prize does not guarantee pregnancy or the birth of a baby.**

The prize covers only the treatment services expressly described in these terms. Any further treatment or additional services will be subject to the Clinic's medical assessment and the applicable charges.

9. Applicable Requirements

The treatment will be provided in Barcelona, Spain, in accordance with applicable Spanish legislation, the Clinic's medical criteria and its usual informed consent procedures.

These conditions describe the prize provided by Institut Marquès and should be incorporated into the Foundation's full competition terms and conditions.

The Foundation remains responsible for the administration of the promotion and the publication of its competition rules, subject to any legal obligations that may apply directly to the Clinic.
